Professional Summary

Information Technology graduate currently pursuing an M.Tech, with foundational knowledge of programming, database management, software development, and problem-solving. Familiar with Python, C, C++, Java, SQL, and modern web technologies. Collaborative project experience contributing to an e-commerce platform, AI-powered educational application, and responsive web projects. Interested in software development, AI applications, and building practical technology solutions through collaborative engineering and continuous learning.

Technical Skills

Programming Languages	Python, C, C++, Java
Web Technologies	HTML, CSS, JavaScript, React.js
Database Technologies	SQL, MySQL, MongoDB, DBMS
AI & Development	AI/ML Fundamentals, API Integration, Application Development
Data & Visualization	Power BI, Tableau
Core Computer Science	Data Structures and Algorithms, Object-Oriented Programming, Problem Solving

Selected Projects

SolivaGuard – E-Commerce Platform & Admin Dashboard **Live Website**

React.js, Node.js, Express.js, MongoDB, Razorpay

- Collaborated on a live e-commerce platform designed to combine customer shopping functionality with centralized administrative workflows.
- Contributed to frontend development, backend API workflows, database-driven product and order operations, authentication, and payment integration.
- Worked with the project team to support the implementation of customer-facing and administrative application features.

EDVIKO – AI-Powered Educational Platform **Live Application**

AI-Assisted Learning, Educational Technology, Application Development

- Collaborated on an educational technology application focused on digital learning and AI-assisted educational experiences.
- Contributed to application implementation, feature development, and educational workflows in coordination with the project team.
- Participated in developing an interactive digital learning experience aimed at supporting educational activities.

Personal Portfolio Website **Portfolio**

HTML, CSS, JavaScript, Responsive Web Design

- Developed a personal portfolio to present academic qualifications, technical competencies, and project work through a structured web interface.
- Organized professional information, project descriptions, and contact details to create a centralized digital profile.

Education

Raisoni SkillTech University, Nagpur **Pursuing**

M.Tech in Computer science Expected Completion: 2028

Sinhgad College of Engineering, Vadgaon, Pune

Bachelor of Technology in Information Technology

Certifications

- Great Learning – Python Certificate (2026)
- Great Learning – MySQL for Data Analytics (2026)

Leadership & Activities

- Participated in college technical events, workshops, and academic activities to strengthen technical knowledge and collaborative learning.
- Collaborated with classmates on academic projects, demonstrating teamwork, communication, and problem-solving.
- Participated in badminton competitions at Shantiniketan English School and College.

Additional Information

Career Interests: Software Development, Python Development, AI Applications, Database Management

Professional Profile: Entry-Level Software / IT Opportunities

Location: Maharashtra, India
